Mint of the United States at Philadelphia, Pa.
SUPERINTENDENT'S OFFICE.

[illegible] Nov. 1885

Sir:

I have the honor to enclose to you a copy of a letter from the Hon. John K. Valentine, United States District Attorney addressed to me under date 13th inst., touching the subject of the investigation of the bars of silver at the Mint, missing, prior to my administration.

Its contents so fully express the purpose that it is not necessary for me to reiterate

Very respectfully
Your obedient servant
[illegible]
Superintendent

Hon. James P. Kimball
Director of the Mint
Washington D.C.

Office of United States
District Attorney
Eastern District of Pennsylvania
Philadelphia November 13th

Daniel M. Fox Esq —
Superintendent of the Mint

Dear Sir,

Referring to my letter of the 11th inst., I have to state secret service operative Scanlan to-day informed me that owing to the want of funds at his disposal, he had been unable to make certain investigations that might be material in ascertaining by what means the missing bars of Silver at the Mint were obtained. I directed him to communicate with you at once [illegible] the assistance that he thought necessary in order that you might communicate with the

Secretary of the Treasury in regard to the matter.

The suggestion he made to me seemed to be important as to the means to be adopted for further investigation and I therefore directed him to communicate with you as above stated

Very respectfully
(Signed) John K. Valentine
U. S. Attorney

16: Novem: 5

Sir;

I have the honor to receive your favor of the 14th inst., ordering the Coinage of the available bullion, and such fractional silver coin as may have been transferred for recoinage, into dimes, without delay.

Of the preceding order for the Coinage of $40.000 in dimes, I have already $20,000.- ready for delivery and which may be drawn for at once. The other $20.000 I expect to have completed and ready for delivery in two or three days.

The order of the 14th will be proceeded

with as rapidly as possible

Very respectfully

Your obedient Servant

Superintendent

Hon James D. Kimball

Director of the Mint

Washington

D. C.

16: Nov: 5

Sir;

I have the honor to transmit the oaths of office of Cornelius Callahan and Joseph Snoope, recently appointed Helpers in the Melter & Refiners department of this Mint

Very respectfully
Your obedient Servant
Wm. Maris
Superintendent

Hon: James P. Kimball
Director of the Mint
Washington
D. C.

LR.6

Nov 16th

Sir,

In reply to your request of 13th inst (H.M.H.) I have to state that the shipments of, and Express charges & cost of bagging on Standard Silver Dollars, forwarded from this Mint during the months of July, August, September and October 1885, were as follows - viz.

July	Shipped	$282.484	Bagging	$19.77	Express Charges	$526.08
August	"	165.000	"	11.55	"	195.89
Sept	"	312.998	"	21.90	"	435.62
Oct.	"	302.994	"	21.20	"	388.70
		$1.063.476.		$74.42		$1546.29

In the figures reported in my letter of the 2d inst. I discover that there was a transposition between the amounts stated as shipped in July and August of $1000 which I correct in this statement. I also make some slight changes in the cost of transportation, which

2 —

accruing on small vouchers of other months were taken up or left off the former statement
The bags for this coin, are manufactured in the Mint, and are estimated in the above statement at 7¢ each — No telegraphic matter is charged to this account —

Very Respectfully

Sup't

Hon C. N. Jordan
Treasurer U.S.
Washington D.C.

H.C.H.

November 20th 5

Sir;

I find it necessary to make requisition upon the Department for a further supply, say 250, of Form "No 3-A" "Silver Bullion Received on Purchases made at the Treasury Department". We have only a few days supply on hand. In making out my requisition for Stationery, blanks &c for the six months commencing on the 1st of January next, I will endeavor to have it cover everything that will probably be needed during the whole of that period, so as to avoid, if possible, any necessity for intermediate requisitions.

Very Respectfully
Your Obedient Servant

Copy
[illegible]

November 19th 5

Hon. Danl. M. Fox.
Superintendent,
Sir.

In reply to your enquiries relative to the bills of the Orr & Hess Machine Co. dated June 20th & 30th 1885, in so far as they relate to this Department, I have the honor to state that the articles therein enumerated were received, consisting of annealing plates and pans, Drawbench chain & carriage, Grate bars &c. &c. &c. and were ordered on requisition by the Dept. upon notification by the Foreman that they were necessary.

In reference to the days work charged on these bills, with the ordering of which I had nothing to do, the practice has been for the Foreman of the respective rooms to certify to its being correct, which was done in this case.

But on referring to Messrs Peter & Downing the Foremen in regard to the time then certified to by them, I find that they are unable to give any definite information about the matter. Mr Downing states although he believes the time charged is a correct, he was not so qualified to that effect, as he is not certain that is the case.

Mr Webb's name appears on the bill as making correct 63½ days time made by the men of this firm, and he now says that he did not intend to cover that, as he only marked for the item opposite his name; but I have no hesitation in saying that it was understood at the time that he was signing for all the items enumerated in the bill commencing from the last signature down, which he had been accustomed to do in other bills of a like nature.

The extra heavy Pulley charged on the bill I find was ordered by the Superintendent's Dept. for

(2)

use by the New Ajax Press and is now in use on the counter shaft in that connection.

Upon further inquiry I learn from the firm that they cannot specify at what particular point all the work was done, but that the same is charged away to the several Departments.

Enclosed please find memorandum letters on the subject from the Foremen of the Rolling & Coining room & Mr. Clift.

Very Respectfully
Your Obdt. Servant.
(signed) H. S. Stark
Coiner.

(Copy) Philada Nov. 16th 1885.

To the Director of

U. S. Mint

Dear Sir:—

In reply to your request for information respecting certain articles, would state that —

Twenty four (24) Plates and (170) Grate Bars for Annealing Furnaces were received about July 1st and some of them are in use now.

Four (4) Draw Bench Chains were received about the same time and are in place now on the Draw Benches and may be seen at any time in constant use.

The Draw Bench Carriage was received about July 1st and may be seen with chaines as they are used to-gether.

Six (6) Annealing Boxes were received

[* sic]

about the same time as the above and are used for annealing Bronze and Nickel and are to take the place of those on hand as they are half worn out.

The (63½) days I could not report as I was never required to keep their time, but I do know that Orr's men were working in Rolling Room in the time specified.

Hoping this will be satisfactory,

I remain Most Respectfully,

(signed) H. H. Webb.

(Copy) Philadelphia November 16th 1885

Mr. Steel

(Copy.)

Wm. S. Steel Esq
Comer

The Belt Shifter or Ajax (No 10) —
Coining Press was fitted and placed on the Press after
it was set up in the Coining Room, not knowing the
terms of the Contract for the Press I am not compe-
tent to say whether the Shifter should have been fur-
nished as part of the Press.

The 17 days work at Place, Rigging and use
of rigging was the time employed and the Spars,
Ropes, Blocks and hoisting tackle used in getting
the press in the Mint Building and setting it in
its place. The charge for hauling was for
moving the press from where it was made to
the Mint

Respectfully
(Signed) A. W. Denning

Nov. 16th 1885

20: Nov. 5

Sir;

Responsive to your instructions as contained in letter under date of 10th inst.- referring to vouchers 278 and 314 bills of The Orr & Ives Machine Co, limited by which you require these vouchers to be examined and to report whether the articles charged in the bills have been received,- I have the honor to say that I have had considerable difficulty in ascertaining the facts of the case.

John L. McGinnis, who signed for all the items embraced within the letter "E" in the large bill as having received the supplies thus therein contained,

sometime since resigned his situation, therefore he is not in connection with this institution any more. However sent to him at his residence in charge of a clerk, the bill on which his name appears - with the desired inquiry. His answer to this he makes in lead pencil on the back of the bill, saying he could not certify to the correctness of each hours work because a portion was done in the shop, and the weights he knew nothing about, but the goods were all delivered. Thus as far as his signing is concerned, (and although his signature would indicate that every one of those items to be correct) it is of no effect as much- ing for the correctness of items No. 11, 12,

14, 15, 17 and 18.

In respect to Mr. A.W. Downing who signs as to another portion in the large bill, he says the goods mentioned in that part were furnished, but he is not competent to say whether the shifter should have been furnished as part of the Press. In his letter he speaks of 17 days work at place (rigging and use of rigging) as the time consumed; but subsequently stated orally that he was unable to give any definite information as to his time.

Inquiry was also made of C. K. Clift who was one of the workmen stationed in the building by the firm of The Orr and Hess Co: Limited. He says the

time was not made in the Mill, but at the shop of Orr, Hess, Co, to the best of his knowledge, and Mr. William H. Webb, another signer to these bills, now says the 63½ days time - being item 7 in the large bill - he could not certify to, as he was never required to keep the time, but he think that Orr's men were working in the Rolling room within the time specified. The goods to which he certifies were received.

Mr E.O. Thomas who certifies as to the correct weight in the smaller bill of $714, has left the employ of

the Government and I have not yet been able to communicate with him. I am informed that he is the son-in-law of Mr Orr.

The sum total of all the information I have been able to obtain would lead me to the impression that the articles specified in both bills were all received, but none of those who signed as to correctness know anything about the rates or prices or about the items of time charged.

I herewith enclose copies of the memorandum reply of Mr McGinnis, and the letters of Mr Downing, Mr Cliff, and Mr. Webb. also the letter of Mr

Steel, Coiner, touching the whole subject

Very respectfully
Your obedient servant

Dan'l M Fox

Superintendent

(Pr. R.)

November 21st 5

Sir;

In reply to your letter of the 20th inst. asking for explanation of bill Baltimore and Ohio Telegraph Company for September 1885, I beg to say that in all cases where the commercial rate is less than Government rate between points, it is so charged, as per Circular Secretary of the Treasury 1885 Department 186 Division of C.P. 186, dated July 18th 1885 in reference to rates to be paid for telegraph service.

In computing the charges at commercial rate it has been the custom of the Baltimore and Ohio Telegraph Company to charge for Messages between Philadelphia and Washington one cent per word for the body of the message and title.

In

The items of August 14th, 24th and 31st cited in your letter, the Commercial Rate was paid, it being less than Government Rate would be where all the words but the date are Counted. The figures 35, 19 and 22 represent either the full Message including address signature and title, or simply the body with the title and the word "Collect" at the top of the message added, which is not charged for, but used in some manner as a check between the Companys Employes; and do not in all Cases represent the number of words sent or to be charged for, as stated by you.

I return herewith the bill in question without correction, hoping that the explanation will be satisfactory.

Yrs

The request in regard to the manner of entering on the Pay Roll the name of an employé in the same department whose designation or title is changed during the month will be cheerfully complied with

I am very respectfully
Your Obedient Servant

Treasury Department,
Bureau of the Mint,
Washington D.C. Nov. 23rd 1885.

Sir

Your letter of the 21st inst, stating that $140 000 in dimes had been coined, as directed in the letter of this Bureau of the 12th inst., has been received.

Thanking you for the promptness with which you have executed the request of the Department you will please proceed to coin the uncurrent Silver coins, recently transferred you by the Treasurer into dimes as early as practicable, as there appears to be an increasing demand for coins of that denomination by the Public.

Very Respectfully
(Signed) R. E. Preston
Acting Director

Wm. Hunt. M. Fox
Supt. Mint
Phila Pa.

21: Nov: 5

Sir;

It has been customary heretofore to coin on the authority of the Superintendent of this institution a quantity of half and quarter-dollars; - say from 3000 to 5000 dollars of each denomination besides proof pieces, and also a small amount of each of the gold denominations, so as to make a representation of the several denominations for the year, and for the use of numismatists and Cabinets.

As we are approaching the end (of the end) of the year 1885 I do not design doing it without approval &

7

beg to submit the matter to your consideration and instruction

Very respectfully
Your obedient servant
[illegible]
Superintendent

Hon: James P. Kimball

Dear Sir;

I have - a number of times and will continue to be delivering coin to you in due course of authority. I learn that it has sometimes been the case that your men decline to carry the coin up into the third story where it must be stored.

Our men are here upon daily pay and every hour they lose from the work in which they are engaged in the institution is exactly the cost of their wages for the time being to the Government.

As the service to which I have referred, and which, as I have been

D

informed they have been called on to do, is costly; I desire to say most kindly that I would esteem it a courtesy if you would have one or two of your men to do this service instead.

May I ask this favor

Very respectfully

Nov 24th 5

Sir,

Referring to your letter of instructions of the 25th inst directing me to make payment for the transportation of certain Silver Dollars from San Francisco to Washington by a check on the Asst Treas U.S. New York, I beg to respectfully suggest that as the fund to my credit in the hands of the Assistant Treas at New York, is a part of the U.S. Bullion Fund, will not such action on my part lead to a confusion in my accounts, and a suspension of the amount so paid when they shall be acted upon at the Department. I do not clearly see how the Silver-profit Fund and the U.S. Bullion Fund can be employed together in settling for the transportation referred to, I therefore beg to write for information.

Awaiting your reply, I am

Very Respectfully

Supt.

Hon Jas. P. Kimball
Director of the Mint.
Washington D.C.

27: Aprill. 5

Dear Sir;

I have a number of times [illegible] will continue to be delivering coin to you in due course of authority. [illegible] that it has sometimes been the case that you [illegible] declined to [illegible] the coin [illegible] into the third stone [illegible] it must be stood.

One [illegible] and [illegible] hour they lose from the [illegible] in which they are engaged in the [illegible] stitution is exactly the [illegible] for the time being both [illegible]

As the service to which [illegible] referred and which [illegible]

[E.S. 10-29-83—600.]

30. Novem. 5

Sir:

I have the honor to transmit the report of the Coiner for the month ending this day.

As respect the inquiry why no gold had been coined through the month of November you will bear in mind that we had but 24 working days in that month, during which time we produced 1.700.000 Standard dollars 600.000 dimes, 795.000 Cents - making in all 3.155.000 pieces.

Please bear in mind that the subsidiary Coin - to wit the dimes, were ordered on very short notice, which

require that they should be coined without Delay, and believing that the Standard Eagle and Dimes were more essential to have struck and the order more imperative than for the gold, also that in the month of December we could increase the service, so as to provide for the regular month's quota of Silver with gold Coinage in addition - on consultation with the Melter & Refiner and the Coiner I concluded that it would be better that we should confine ourselves this month to what we have produced.

The explanation I trust will be

2)

satisfactory.

In view of your instructions as to the gold coinage we hope to present a result for the month of December which will make a very satisfactory showing.

Of course we expect under any circumstances to meet whatever quota may be required as regard Eagles and dollars besides procuring the other work of dollars, fractional currency and Cents

Very respectfully
Your obedient Servant

Your obedient servant
[illegible]
Superintendent

Hon. James Kimball
Director of the Mint
Washington
D.C.

1. Decem. 5

Sir;

I have the honor to be in receipt of a communication under date of 28th. ult stating that I was exacting a bond of $500 from each of the employees of the Mint and that the said Security was being furnished by the American Security Company of New York and other Corporations of like character and that the cost would be $50 per. together with a newspaper slip attached to it substantially to the same effect, from the Sunday Times of this City. The letter was from Henry L Taggart, Proprietor of that paper and was addressed to the Hon. Secretary

1

of the Treasury, was referred to you and by you to me for inquiry.

In reply I would say that responsive to the letter of mine addressed to yourself on the 16th day of October last, touching the question of sureties from officers and employees, I received a communication under date of Oct. 17th last, from R. E. Preston Esq. Actng Director by which I was informed that there would be no objection to requiring personal bonds in reasonable amounts from persons occupying positions of trust and confidence in any of the Departments

of this institution, and that the bonds did not necessarily require the approval of your Department and could be kept in my own records. (The last paragraph led me to the impression that as regards Clerks and Assistants the bonds would be to the Government, and that the others would be to the heads of Departments as these heads were responsible for their subordinates.) It furthermore gave a list of the few who were bonded and named a number of clerks who had not given any security whatever, but ought to and suggested

in their cases what the amounts should be.

In view of the fact that there were but few of the operatives but were necessarily and continuously engaged in handling either the Metals or coin, and also to prevent invidious and perhaps unpleasant reflections, I deemed it proper to mention that Security should be furnished by all without distinction and accordingly addressed a letter to each of the Heads of departments stating that I had been authorized to require bonded Security

4

from clerks, assistants and other em-
ployees engaged under them, that
personal security of unquestionable
character would be preferred, but
in case there should be any who
would be unable to procure such
security, they might furnish it
from either one of the only 3 incorpo-
rated Companies I knew of, au-
thorized to give security for the fi-
delity of persons. I contemplated
in this that personal security would
apply to all who gave the bonds to
Government and that as regards
those which might be to the heads

Mint of the United States at Philadelphia, Pa.
SUPERINTENDENT'S OFFICE.

of Departments the discretion could be exercised where personal security was impossible to be obtained. A copy of the letter is hereto annexed.

I need hardly say that I know nothing upon the question of cost mentioned in the communication referred to me.

My only motive in affording the alternative was that of kindness. If I am wrong in the thought that the bonds of only the clerks and assistants should be given to the Government and the rest of the employées to the heads of Departments

I would be glad to be advised; and also whether if there be any to be given to the heads of departments, they must also be by personal security and not corporate, I would thank you for that information.

No bonds have yet been taken but a considerable number of those engaged in the Mint have written desirous of giving security naming in every case individuals as their proposed bondsmen, and until otherwise advised I will adhere to the individual-bondsmen feature, exclusively.

7

Submitting the facts as above stated

I am very respectfully
your obedient servant
Wm. M. Fox
Superintendent

Hon James P. Kimball
Director of the Mint
Washington
D.C.

1: Decem: 5

Sir;

I have the honor to transmit the oaths of office of the following named persons recently appointed to positions in the Mint:-

J. William Alburger	Fireman	General Office
James Harley	Machinist	" "
H. H. Goodrich	Conductor	" "
John McLaughlin	Millwright	" "
Madden J. Gallagher	"Cabinet"	" "
William A. Green	Roller	Coining "
John F. Nehlig	Cleaner	" "
Jacob Lencester	Roller	" "
William J. Turner	Hoister	Melt & R. "
Martin Killacky	Melter	"

In the case of Martin Killacky the appointee last named, by an error, the application was made for his appointment as Helper @ $2.00 vice Provand. As Provand was a Melter at $3.25 per diem, the appointment asked for for Killacky should have been for Melter @ $3.25. Have the kindness to make the change on your records as from this date

Sec't

December 11th 5

Sir;

Referring to the enclosed copy of a letter received this morning from the Assistant Treas. U.S. at New York requesting a supply of gold dollars for Christmas and New Years, I beg to state that we have very few on hand, but as there is a great demand for them from many other parts of the country, including San Francisco, that I should be glad to meet, I submit the matter for your consideration, and if there be no objection. I propose to coin several thousands of these pieces to accommodate the general public, before the close of the

year, as I am informed has been the practice in former years

Very Respectfully
Your Obedient Servant
D. W. M. Fox
Superintendent

Hon. James P. Kimball
Director of the Mint
Washington

(Copy)

Office of Assistant Treasurer U.S.
New York City, Dec. 3rd 1885.

Dear Sir:-

At this period I have numerous applications for gold dollars for holiday presents. Is it practicable for you to send me say $1000.- or $500.? If impossible to send either of these sums, I shall feel greatly obliged for any amount you can spare.

Very truly yours,
(Signed) Thos. L. Acton
Asst. Treas. U.S.

Hon. Daniel M. Fox,
Supt. Mint U.S.,
Philadelphia, Pa.

December 5th 5

Sir;

I will thank you to send me a copy of "Department Circular No. 113, of 1881" in regard to ordering books and blanks. I have occasion to refer to it, but find there is no copy of it on file here.

Very Respectfully
Your Obedient Servant

December 5th 85

Sir;

I will thank you to send me 500 copies of Department Circulars No 22. Secretary's Office Feby. 16. 1885 directing the discontinuance of the coinage of 1¢ and 5¢ pieces. We have daily use for them in returning remittances for those coins, and have not a two days supply on hand.

In reference to the last paragraph of the circular, a copy of which marked, is herewith enclosed, it is proper to state, for the information of the Department, that my correspondents advise me repeatedly that contrary to the directions of the Circular, these

minor coins cannot be had at the Sub-Treasuries in Cincinnati, Chicago, New York and Baltimore. Repeated applications at the counter at each of those offices, only result in disappointment. The coins cannot be had.

Since this coinage was discontinued and our supply exhausted I have received from all parts of the Union, notably the West and South, remittances for minor coins to the amount of $110,000 and unmeans inquiries besides, begging to know where and how they can be procured.

Very Respectfully
Your Obedient Servant

Adjuster of Scales & Weights

7 Dec: 5

Sir,

Our vaults have been so overloaded with the Continual Coinage that it has been necessary for some days past to store it temporarily in an apartment outside of the vaults and place a guard at the door for its protection.

This having become necessary in two different rooms in the building, I began to be very uneasy and to day took possession of the vaults at the Post office Building, although one of them has not yet been finished. I placed there Two hundred thousand (200.000) Dollars and will every day continue

to store the overflow and so materially reduce the amount in the vaults themselves here.

I have taken all reasonable precautions for its security and hope to find that it will meet with your approval

The other vault is promised me by Wednesday night

Very respectfully

Washington. D.C.

9 Decem. 5

Sir;

I have the honor to enclose herewith a Copy of a letter from Mr R. A. McClure Curator of the Cabinet, stating that Mr H. F. Newlin had handed him a Quarter Eagle of 1826 for examination and offered to exchange it for two of our pattern pieces of which we have duplicates, to wit: a Dieme (dime) of 1792 in Copper, and a 20 cent piece of 1874. Mr McClure considers the exchange desirable as we have no Quarter Eagle of 1826 and we have 2 sets of the pieces asked for in exchange and would be enabled to spare one set without

11

breaking our collection

You will see by reading the Copy of his letter that he favors the exchange and I concur with him in his opinion, that it would be a profitable exchange to us.

I however will not act in the matter without your approval

Very respectfully
Your obedient servant
[signature]
Superintendent

Hon. James P. Kimball

Copy

December 9th 5

Sir

Mr. H. F. Newlin has handed me a quarter eagle of 1826 for examination and has offered to exchange it for two of our pattern coins, of which we have duplicates, viz. a Disme (dime) of 1792, in copper, and a twenty cent piece of 1874. I think the exchange would be desirable, and from what I can learn by looking over Catalogues of coin sales, we would have the best of the bargain. Mr. J. C. Randall has a specimen of the 1826 quarter eagle, for which he asks $200 (dollars). This I think is much to high. I do not think our two pattern pieces would bring

[illegible] each in the Market or [illegible] public sale.

We would be benefited in the exchange, as our gold series would [illegible] expense, and we would, still have on hand a good specimen of each of the coins given in exchange — Very Respectfully,

(Signed) R. A. McClure
Curator

Hon. Daniel M. Fox
Superintendent

LRB

18: Dec: 5

Sir,

Respectfully referring to your letter of the 16th inst. I herewith return bill of The Phosphor Bronze Smelting Co: for $2.40 with my signature properly added to the approval stamp

In reference to voucher 497, Horace Binder's bill of $75.75 for printing, I beg to state that it was for printing blank forms for daily reports to the Superintendent, of bullion operations in the Operative and General Departments (and other matter) authorized by the Acting Director under date of Sep: 22 nd. (a copy of which I enclose herewith), the forms being needed for immediate use.

In explanation of the transaction I also enclose a copy of my letter on the subject to you, dated Sep. 14th and Acting-Director Preston's letter of Sep: 22nd. When Mr. Preston's letter was received I invited proposals for the work from several of our best known printers, by circular letters, and Mr. Snider's, being the lowest, was accepted.

Your letter of the 3rd. Sept, suggested that the Department Expenses could be kept in any ordinary Ledger which last I procured under a presumable authorization contained therein, as I had none of any kind in Stock.

Very respectfully
Your obedient Servant

Superintendent

Hon. James Pollock
Director of the Mint
Washington

Chagres 31st 5

Sir,

In order to enable me to comply with your instructions under date of the 20th inst, requesting me to adopt a system of Departmental Expense accounts, it is necessary that I should be furnished with a suitable set of books for that purpose.

To this end I submit herewith for approval blank form of books for the six Departments named i.e.,

General Department

Metal Refiners "

Coiners "

Engravers "

Assayers "

Mechanical "

Kindly examine them and if satisfactory have

the forefront and forwarded as soon as possible, or anchorage one to obtain them in this City.

Very Respectfully,
Your Obedient Servant
(Signed) Duncan M. Fox
Superintendent

Hon. James P. Kimball
Director of the Mint
Washington D.C.

Treasury Department (Copy)
Bureau of the Mint
Washington D. C. September 3rd 1845

Sir:

Referring to your communication of the 31st ultimo, enclosing blank forms of books for use in the departments of your Mint, in order to enable you to carry out the System of departmental expense accounts suggested in my letter of the 20th ultimo. I would state that the forms sent you, and filled the headings of the blanks forwarded by you are a copy, were intended only for Statements, and not as a guide for keeping the debit and credit accounts referred to in your letter.

The accounts suggested,

to be kept in any ordinary ledger, the object being to show the cost of each department, and consequently, I do not consider the preparation of books with the headings forwarded by you, necessary.

The forms are herewith returned

Very Respectfully

(Signed) Jas P. Kimball

Director

Hon. Daniel M. Fox,

Supt, U.S. Mint

Philadelphia, Pa

(Copy)

September 11th 5

Sir

Enclosed please find blank forms A A1, A2 A3 A4 B and C respectively, which I desire to have printed for immediate use in this Institution.

Also a blank schedule for offering Sweeps for sale, and receipts for silver bullion checks.

Please authorize me to have them printed here, in order that time may be saved in obtaining them.

Very Respectfully
Your Obedient Servant
(Signed) Daniel M Fox
Superintendent

Hon James P Kimball

My dear Sir;

I have received your polite note of resignation from this institution.

In acknowledging it it is due to you, and a pleasure to me, to say that in my visits to the large room in which you have performed your labors, I have been favorably struck with the assiduity and attention you have given to your duties: and I may further say I regard them as having been skilfully performed. I speak most sincerely as I did not contemplate making any change in your case.

Yr

I trust in the new position to which you have been appointed - with the Treasurer of the City - you will, in like manner command his respect and kindly feeling. I am sure from my personal experience with you in the past, he will find you to be an attentive and faithful officer.

With by best wishes for your future welfare

I am very cordially yours

Superintendent

Hon. James P. Kimball
Director of the Mint
Washington
D.C.

21. December 5

Sir,

In accordance with your suggestion I have conferred with Mr Adrien the Agent of the Adams Express Co. as to the Charge for transporting the Coin from the Mint to the Post Office Vaults.

He says the charge so far as he is aware, from the beginning has been, and will in the future continue to be, at the rate of 25 ¢ per bag of 1000 dollars, for local transmission and the guarantee for safe delivery will be maintained from the time it is placed upon their wagons at the Mint until it is delivered at the vaults.

These are the best terms that I can

1

procure and they are submitted for your consideration and advice

Very respectfully
Your obedient servant
[illegible]
Superintendent

Hon. James R. Kimball
Director of the Mint
Washington
D.C.

21: Decem. 5

Sir;

In our conversation on Saturday I apprised you of the fact that in the departments at work the material to be operated upon is weighed in the morning before it is delivered over, and at night after the work is finished it is again weighed - the purpose of which is of course obvious to you.

In the Coiner's department a Mr. Garrett represents that officer as Assistant Weigher, and as I had no one especially deputed to represent me in that weighing process, I called upon Mr. Baldwin who is marked on the rolls as

"Assistant".

He is quite accurate in his calculations and has served me to good purpose. Since Nov. 17th he has worked over the usual time 146 hours.

On an examination of the book of regulations I find myself embarrassed upon the subject of payment to him for his extra work. He is simply marked as "Assistant," but what that means I do not know, and I submit this communication, with the desire, if I can see my way consistently with the rules to pay him what he has justly earned for his overtime.

I notice in the rules and regulations that the Superintendent has the

right to call upon any of the Clerks, Assistants, other Officers, and Employés for service when and as long as the business of the institution would seem to him to require it, and that they should be paid for over time, with the exception of Salaried Officers, Assistants, and Clerks. Technically, he is, under this statement, deprived from receiving the extra compensation. The "Assistants" so-called, without any other qualifications are detailed at times for whatever duties would seem to be within the scope of their ability, mostly for clerical work; but we have "Assistant Courier", "Assistant Weigher", "Assistant Foreman" & as he knew to find the mode of paying him, I do

not know, unless, I could have the word "Assistant" incorporated with some other, or put him under some other designation.

I do not feel justified in having him stay here until late at night waiting for the workmen to get through and then weigh up the material they have been operating upon without compensation for such time, and yet I wish for some one to remain to realize that the quantity that went into the Departments came out of them.

I would thank you for your advice and suggestions upon the subject

Very respectfully
Your obedient servant

[Rev. 7-23-85. 1000]

22: Decem: 5

Sir;

I attach hereto two slips from the newspapers;- one relating to a seal for the Senate of the United States, another speaking of medals for the "Fortem Stope" &c.

I beg to say that both of these seem to be Government work, and they ought to be done by the Government, and not by private hands and relying upon individual genius for the proper insignia and ornamental work upon them. We have in our Engravers Department what is said to be equal, if not superior to any talent, for invention, skill, and contrivance,

to be found anywhere, and it does seem to me that the Government ought not to overlook their own artists.

The thought strikes me that a word from the Hon: the Secretary of the Treasury might go a good way toward directing the attention of those who control the production of such material were it presented for his consideration.

I may say with regard to the seal for the Senate of the United States, I am this day informed that one of the private parties, has already called upon one of our artists in this institution to know whether he could not furnish at private times, designs and work for this purpose. This ought not to be. Our institution is

so well equipped that such Government work ought to be done by the Government artists and nobody else.

I may add, when you were here, you saw some of the handiwork in medals of a miscellaneous character produced by Mr Barber the Engraver and his department

I respectfully submit the subject for your consideration

Wm M Fox

Superintendent.

25: Decem 5

Sir;

I have the honor to receive your letter of 23rd. inst. approving of the charge of 25¢ per thousand dollars, assuming it to be the lowest rate I can arrange for the Adams Express Company to transport Coin from this institution to the Mint Office vaults for storage. The matter shall receive immediate attention.

I desire to say that I have before me at this time a printed Copy of a contract the original of which I apprehend is in your Department, between the United States by John Sherman, Secretary of the Treasury, on the one part, and the Adams

1

Express Company, by William B. Dinsmore, as President of the other part under date Feb'y 1st 1879, in which I read by the first item that "the United States" "agrees to employ the said company as its exclusive agent for the transportation of all moneys and securities belonging to the United States and to give to it as such Agent for transportation all such moneys and securities of every kind which are to be transferred from one point to any other within the territorial limits of this contract."

I understand this to mean that the contract must be made with the Adams Express Co: and I apprehend that 25¢ per thousand for the services spoken

of with the assurance or guarantee of safe delivery at the vaults, is the best arrangement that can be made.

Under the advice contained in your letter referred to I will conclude an arrangement with the Superintendent of that Company stationed here

Very respectfully
Your obedient servant
Dan M Fox
Superintendent

Hon. James P. Kimball
Director of the Mint
Washington
D.C.

26. Dec: 5

Sir;

In regard to the communication from J. J. Schweisthal Esq. Assistant Treasurer United States Chicago, Ill., under date 21st, addressed to yourself reporting shortage of 50 ¢ each of 3 bags of $1000 each in dimes aggregating $150 - in the Transfer order No. 12993, I have the honor to return the same with a note from Mr M. H. Cobb our Cashier appended thereto, showing that this coin was taken from the Monitors Scales and sealed up in a bag without further handling, adding that he could not qualify as to the absolute correctness of the scales

but they were tested before delivery of Coin.

I also made inquiry of Mr William S. Steel, Coiner, who has responded in writing under this current date saying that in preparing dimes for delivery the custom is to first Count 1000 pieces on a board used for the purpose and test them by weighing and again weigh them when made in one thousand dollar drafts and when finally delivered to the Cashier are weighed in his presence: that the Counters in his department Messrs Fuller, Jenny, Dorff, and Yerger were experienced and careful counters, and he did not think it possible that a mistake occurred here — a copy of which letter is hereto appended.

I have confidence in both the note of Mr. Cashier Cobb, and the letter of Mr. Steel and accordingly submit them both for your consideration

Very respectfully
Your obedient servant
Dan'l M. Fox

29: Decem 5

Sir;

I have the honor to return the bills of The Orr & Hess Machine Co: Limited which were referred to me for investigation and report;

On carefully examining them I found they embraced two items, one of $775.00 and another of $1500.00 with a supplement of $3.00 making $1505.00, each of which covered a variety of material, the only mention of price being the aggregate. Another feature was that Prof: Booth, Melter and Refiner certified to so much as belonged to his Department as being

correct for "measures and work", so qualifying it that nothing is said about price or value. The others were certified to as "Correct" by "W.H. Webb" and "correct, M. Speche." Both of these gentlemen say they meant by that simply that the material had been received, not knowing anything about prices or values. I referred the bills to Mr Steel, Coiner, who confirmed the statement verbally of the other certifying parties that the articles were received. He also assured me that he had no knowledge of price or of value. I instructed him to require a more specifically itemized bill from the above named firm. This they forwarded

(2)

but the singular feature was presented of a difference between the aggregate of cost as itemized and the original bills. The latter made the charges in connection with the draw bench $775 and for the milling machine $1505: while these charges in the itemized bills were respectively $791" and $1522 25 and the firm account for this difference by saying "that it could not be got-ten at any closer at this late period," and that they will make no charge for the excess but will accept the amount of the original bills. The difference led me to further question whether they had any entries upon their books in the way of items and I have concluded from

the developments that they had no original entry of items and that they had made the entries since the bills were presented. I may here say there seems to have been no understanding between the contracting parties as to what the prices should be for these articles. I then instructed Mr Steel to address a communication again to the firm asking for an explanation how it occurred that there was a difference between the detailed statements and the original bill. The answer of even date with this develops the curious feature. They say that in order to present their bill so as to have the amount reserved from last years appropriation they were compelled to estimate

4

the cost of milling machines and work for draw-benches as they were not yet completed when the bills were made out" and the difference appears

I may further say that I have just had an interview with Mr William H. Webb who certified to the items embraced in the aggregated sum of $775. He says they have the material here but it has never been put into service, as the old machinery has answered up to the present time

Under all the circumstances of the case I feel I can but submit the facts as elicited, for your consideration.

Accompanying this please find copies of the correspondence between Mr Steel and Otis & Hess

Machine Co. Limited, as also the original bills and the subsequently itemized ones

Very respectfully
Your obedient servant

Superintendent

Hon: James A. Kimball
Director of the Mint

December 26th 5

Hon. Danl. M. Fox
Superintendent
Sir,

I have the honr to transmit herewith the bills of the Orr & Lessi Machine Co, maing June 30th 1885, marked for the articles therein mentioned as being received, and under your instructions I have requested from the Company that a bill of the separate items be rendered, which they have done, so far as relates to the Draw benches marked #2, and Milling Machine marked #3, the other articles not requiring further itemizing.

You will notice on the original bill

that the charges in connection with the Draw benches &c are $775 — and — for the milling machine &c $1505. and in the itemized for the same amount for the Draw benches aggregate $791 11/100 and the milling machine $1522 25/100 the difference the Company say cannot be gotten at any closer at this late period, but they will make no charge for the difference, accepting the amount of the lumped bill.

Very Respectfully
Your Obt. Servant

Coroners Department
December 29. 5

Hon. Danl. M. Fox
Superintendent
Sir.

Relative to the bills of the Orr & Lees Machine &c. dated June 26th 1885, in so far as they relate to this Department, I have the honor to state, that the bill for the clock marked #1, was delivered in September and taken from here for some alteration, and then adjusted to the rolls about Oct—ober 3rd

Item marked #2, were received here about the same time and intended for equipments for the Draw benches, as duplicates to supply the place of those in use in case of accident.

The Milling Machine & marked
#3, was put in place in September and
afterwards a brace was adjusted to the
jaw for milling Large medals, Am-
plifying the machine about the Middle
of November.

After the final delivery of the
articles belonging to this Department,
then the bills were marked as having
received the articles.

Very Respectfully,
Your Obt Servant

(copy)

Philadelphia Dec. 29th 1885.

Wm. S. Steel,
Coiner U. S. Mint

Dear sir:-

Your favor of the 28th inst. is received. In answer to your inquiry for explanation of difference between bill and detailed statements, we have to say; that in order to present our bill so as to have the amount of money reserved from last years appropriation, we were compelled to estimate the cost of Milling Machine and work for draw benches as they were not quite completed when the bills were made out and thus the difference appears; as our detailed statements presented are complete accounts of all the material and time expended in performing the work as on our books.

We only ask the amount paid us to be the amount of bills originally sent.

Very respectfully yours,

(signed) Orr & Hess Machine Co. lim.

30. Dec. 5

Sir;

I have the honor to transmit Silver melting Statement of the Melter & Refiner for the month of November ultimo.

Mint

December 30th 5

Sir:-

I have the honor to request that a Ledger of 500 pages, a sample leaf of which is herewith enclosed, be forwarded to me for the use of the Storekeeper of this Mint. As it is a plain, unprinted Ledger, I presume the Department has them in stock and can furnish one without much delay. The exact number of pages is not material. Anywhere from 300 to 500 pages will do.

Very respectfully,
Your obedient servant,
[illegible]
Superintendent.

Hon. James P. Kimball,
Director of the Mint,
Washington, D.C.

30: Decem: 5

Sir,

In reply to your letter of the 29th. inst. and telegram of this date, I have the honor to say, that in my letter of the 20th. Ulto: addressed to your Office on the subject of vouchers 278 and 314 – bills of the Otis Hoists Machine Company, Limited – and in reply to your letter of the 10th. Ulto directing that the vouchers be examined and that I report whether the articles charged in the bills had been received, I stated that from all the information I had been able to obtain, I was led to "the impression that the articles specified in both bills were all received."

I further added that "none of those who signed as to correctness" knew "anything about the rates or prices or about the items of time charged"; and enclosed copies of Correspondence with various officers in the Mint and others who had formerly been in the Mint employ, showing that I had not been able to verify the correctness of the charges other than for goods and material, - and submitting the same to your office.

The vouchers were retained here awaiting a rejoinder: They are herewith returned to you

Dec 31st 1885

Sir,

In reference to the suggestion contained in your letter of yesterday (E.O.L.), I may say that the sum of $[illegible] the net proceeds of a sweep bar received at this Mint during the 3rd Quarter 1885. from the Boise City Assay Office for coinage and deposit with the Ass't Treasurer here, was passed through the profit & Loss a/c. by Mr Cowperthwaite, my Bookkeeper, as a matter of business prudence, he deeming it his duty to make upon the face of his Ledger a clear and distinct entry of the transaction. He states that he was not aware that any objection would be made to his spreading the fact upon his Ledger, and for that reason, naturally took the item up in his quarterly accounts, the explanatory note accompanying the entry showing that it was not a profit to this Mint. Prior to the present fiscal year, I am informed, that it had been the practice of the Chief Clerk to deposit such sums

2

Mint of the United States at Philadelphia, Pa.

SUPERINTENDENT'S OFFICE,

188

in the Treasury, having no other record of it than the Certificate of Deposit and the Copy of the letter of transmittal. Mr. Coopersmith felt that this was not a very satisfactory manner of dealing with the moneys belonging to the Government, and accordingly adopted the course in question. If this method is not approved, I would be glad to have your views as to any other mode, as we clearly ought to have an entry of the transaction of some kind, on our books.

Very Respectfully,

Wm M Fox

Supt.

Janry 1st 6

Sir.

Referring to your letter of the 29th ult. requesting a statement of the subdivisions of the Bullion Fund from July 1st 1860 to Dec 31st 1911, I beg to state, that on looking over the ledger account during those years, I find that it will be necessary to analyze each balance sheet, sixty six in all. This will be necessarily a slow process, especially so in view of the great pressure of clerical work upon this bureau. I shall however take great pleasure in preparing it, together with the report of coinages requested in a prior letter, and will transmit both without any unavoidable delay.

Very Respectfully

Supt.

Hon L. M. Gordon.
Treasurer U.S.
Washington D.C.

Jany 8th 1886

Sir,

I beg to enclose herewith, bill in duplicate for $236.00 being the value of the following dies, viz. Five pair Double Eagle dies, five pair Eagle dies and five pair Half Eagle dies, prepared for and transmitted to the Mint U.S. San Francisco, in conformity with your instructions of Oct 30th 1885.

Very Respectfully

Supt.

Hon. Jas. P. Kimball
Director of the Mint.
Washington. D.C.

Sir,

I have the hona to report that under the last order for the striking the dimes, the Coiner has delivered, - this morning - to the Cashier Fourteen thousand Dollars, which with Thirteen thousand dollars, just previously finished makes a total of Twenty seven thousand dollars, in dimes.

There is yet a balance of 27223 57/100 ounces of recoinage silver on hand available for the dime coinage but in prosecuting the order this will assuredly be exhausted in a few days. I respectfully suggest that there should be a replenishment of our stock of silver for that

Coinage.

I may further add that there is a small balance of 2266 ℥ of purchased silver on hand which it is expected will be required for the manufacture of subsidiary-Coin-proof sets for the current year, but it is not deemed advisable to use this for the manufacture of dimes without instructions.

A copy of the report of the Coiner, showing the amount struck is hereto appended.

Very respectfully

(Copy)

9th January 1886

Sir,

In preparing my Report on the average of gold wastage in making Ingots for Coin, I was astonished to find no returns Reports since the month of April, 1885, altho I had them in my books.

My memory of the subject is that there have been piles of Gold in my vault ever since the more active melting in April last, and that altho we were extremely solicitous to see the space they occupied, yet I cared not, because the call for Gold Ingots ceased, only one being accepted on the 28th May. The other altho ready, and having been prepared in the active Gold melting Period of March and April,

were not called for until October, when I was relieved of two days working on the 1st and 16th October.

Agreeably relieved of a portion of the incumbrance of Gold in my vault, I daily expected further orders for delivery, but received until some time in November, towards the close of the month. Then and from that time, we prepared the Gold, which was delivered as fast as prepared at six different periods in December, amounting to nearly a half million of ounces, or about $9.000,000, in Ingots which would make about $4.500,000 in coin, the remaining half being Clippings.

The main object in presenting these Reports, which I suggested, and carried out many years since, was to show the tolerable uniformity of wastage on a large scale, by a comparison of many meltings, and their percentages of waste, as determined within a week, more or less, of the last melting on the Report. They are of no value in the case of one or even of two meltings, because

these may vary too far from a fair stand
and, altho they may be part of a series
of good meltings, and show, with others,
a good general average. They are not
intended to show the amount of work done
in the Melting Department, for the legal
and official Statement of work done is
the Report of the amount of Ingots trans-
ferred to the Coiner, at given dates. They
show by the uniformity of the apparent
percentage of waste the excellence or
faults of melting, as the case may be.

Moreover the wastages given in these
Reports are not actual wastages, for the
Monthly collection of grains, often from
5l to 20l oz, the Assay Slips of every
melt and the general sweep of the Year
form a large part of the apparent
daily wastages, and diminish them.
They are only designed to give the
Superintendent and the Melter & Refiner
a fair view of the working of the

4

M & R. Department.

Very respectfully
(Signed) Jas. C. Scott

HCR

January 9th 6

Sir,

In my predecessor's Letter of the 27th June last, to the Director of the Mint, submitting for approval his awards upon the proposals for supplies for the current fiscal year, an award of Crucibles was delayed, for the reasons stated, until the Melter & Refiner could make a trial of the crucibles offered by the different parties who had put in proposals to furnish them.

These trials were duly made, and on the 30th of September last the Melter & Refiner made his report of the result, a copy of which is herewith enclosed, advising me that the black-lead crucibles made by John A. Taylor are the only ones

really fit, in his judgment, for Mint use in melting Coinage metals. In pursuance of this report, which under the circumstances seemed to be sufficient for my guidance, supplies of crucibles, covers and Stirrers for present use, were purchased of Mr. Taylor, at the prices specified in his proposal, which were as follows, viz.

Black lead Crucibles	3½ cents	per number
" " Covers	1 "	" "
" " Stirrers	50 "	each.

Through an inadvertance this proposal it seems had not been reported to you, subsequent to and in connection with the Melter & Refiners report. In preparing to forward it to you, it was discovered that H. A. Ross & Co. who had submitted proposals, had not furnished crucibles for trial. They were at once notified and in reply promised to do so, but as nearly two months have elapsed and the Crucibles have not made their ap-

pearance, it does not seem to be advisable to wait any longer. I therefore respectfully submit Mr. Taylors proposal, and my action under it, for your approval.

The other proposals were as follows, viz.

A. Newkumet & Co	Philad.
Crucibles	2¼¢ per No.
Covers	25¢ a piece
Stirrers	25¢ "
Phoenix Manufacturing.	Taunton Mas.
Crucibles	3¢ per No.
Covers	1¢ " "
Stirrers	25¢ each
R. B. Seidel	Philad.
Crucibles	2½¢ per No.
Covers	1 " " "
Stirrers	20 " each
H. A Ross & Co.	Philad.
Crucibles	$1.65 each
Covers	25¢ "
Stirrers	25¢ "
J Dixon & Co	Jersey City. N. J.
No proposal	Submitted.

I do not discuss the question of relative prices, because under the heavy and unlifting pressure upon this Mint for coinage, quality and reliability under any service required, are of the first importance, and the competitive trial and its results would seem to be conclusive on the main point.

Very Respectfully
Your Ob't Serv't
Superintendent

Hon. James P. Kimball
Director of the Mint,
Washington
D.C.

Ex. 1
E.M.Jr. (Lecture)

Mint of the United States at Philadelphia.
MELTING AND REFINING DEPARTMENT,
Philadelphia, 30 September, 1836

Sir,

I have experimented on the Black Lead Crucibles to determine their infusibility and unalterability, when exposed to the highest heat demanded by the operations of the U.S. Mint, with the following results.

We melt Gold, Silver, Copper and the 5 cent alloy, the three former requiring a full red heat, and the 5 cent alloy a white heat for melting.

To make an alloy of two metals I find it necessary to employ a little higher heat than for melting the alloy, when once made. In making the 5 cent alloy of nickel and copper, complete alloyage is only effected with certainty by maintaining the crucible at a full white heat for some time, say an hour or two.

Since we sometimes have to make the nickel alloy for the [illegible] cent pieces, it is essen[illegible] have that

lead crucibles that will withstand a full white heat without melting, and since such crucibles will better endure the more moderate, but still high heat, required for melting gold and silver alloys. I employ such crucibles altogether for melting in the Mint, as most effective and economical. They must resist a full white heat for some time after repeated meltings, to be adapted to Mint work.

The following are the results of my experimental meltings with the crucibles submitted by five different firms or persons; by Ten Eyck, Seidel and Taylor of Philadelphia, - by the J. Dixon Co. of Jersey City - and from Taunton, Massachusetts.

Each crucible was used for two days, making two melts in it each day (or 4 melts altogether) except when it began to yield by softening or melting.

The effect of the fire is best and surest observed on the outside of the crucible, between 2 and 4 inches from the bottom, which is the zone of the hest heat.

(2)

The quantity of 5 cent alloy melted each time was about 150 lbs.

Kerkumet. One crucible stood nearly three melts, then melted a hole in the side out of which nearly all the metal flowed. The other crucible began to melt in zone of highest heat in the 4th melt.

Taunton Mass. One pot showed a tendency to melt in the heat-zone, and was removed from the fire to prevent the metal flowing out in the 3d. melt. The other crucible withstood melting during 4 heats, except that it yielded at last in one place in the zone of highest heat. ?

Dixon. The two pots stood 4 heats tolerably well, slightly melting and flowing around the zone of highest heat; and one of them melting out rather deeply at one point.

Seidel. Both crucibles began to soften a little in the 4th. melt, and showed only the slightest tendency to melt in the zone of the hightest heat, except

(3)

on one spot where it flowed a little.

Taylor. Neither of these two pots showed the slightest tendency to melt or even to soften, and at the close of the experiment with the 2d pot on the 2d day, it was heated up to a point of intense whiteness, and maintained at that for more than an hour without the slightest tendency even to soften.

It is clear from the above statement that the Black Lead Crucible of Taylor are the most infusible and unalterable, and therefore best adapted to our use in the U.S. Mint at Philadelphia

The crucibles of Seidel and Dixon are good, but not quite as resisting to heat as the preceding. They could not be used for the 5 cent alloy, altho they might be for gold and silver alloys.

The crucibles from Jaunton are rather inferior to the last (Dixon & Seidel). Those of Newkomet are inferior to the last.

(4)

Very Respectfully

Sir,

I herewith transmit the Melter & Refiners Statement of Silver Bullion at this Mint during the month of December, 1885, and as it is an exceptionally creditable exhibit, I also forward a copy of that Officers comments upon that months work, both of which I am sure you will appreciate.

Very Respectfully

Superintendent

Hon. James P. Kimball
Director of the Mint
Washington
D.C.

13. January 6

Sir;

I have the honor to receive your favor of the 11th inst. asking the nature of the identification of the hand writing of an anonymous note signed "Democrat", and an employe under Col. Snowden" received by you and forwarded to me: and also enclosure, a letter from Mr. Edward Walsh Jr. addressed to you.

Upon my receipt of the anonymous communication, it seemed to me to be a hand that I had seen before but I could not recognise it on the spur of the moment. I submitted the paper to a number of the officers here without

the mention of any one's name and those who were most familiar with the Wali's writing, of their own volition pronounced it to be his. In order to be accurate and do no one any injustice, I required his Registry to be submitted to me — that is, the book in which he registered all official correspondence with the nature of the contents of each letter. I then called a number of the officers of the institution and without mention of the name, I asked them to compare the handwriting and say whether they could identify it. Every one of them concurred that the hand that wrote the one, wrote the other.

I afterwards learned that a

portion of the subject matter, contained in the paper to wit:- that complaining of what it called the dockage from salary when absent even by permission, had been a matter of criticism on the part of Mr Wales. He had even gone so far as to say that the Director ought to be written to on the subject. I also have the tablet which Mr. Wales left on his desk and on which he endorsed his name. The paper upon it is of the same size texture and color as that of the anonymous communication. These are the principal reasons that lead me inevitably to conclude that he had written the letter. I am very sure were you personally to make comparison between the anonymous communication

and the Register - or even the letter which you received from him - you would come to the same conclusion.

I may add I received a very impertinent letter from Mr Wolcott in which he used very unbecoming language.

I need hardly say that charged with the responsibilities of this institution, there is a solemn obligation resting upon me to exercise the best judgment I possess, regarding the fitness of those who occupy positions in this Mint and in the exercise of that judgment I hold I am accountable to the Department only.

Enclosed please find the letter

of Mr. Walsh to yourself, returned as you desire

Very respectfully
Your obedient Servant
Rand McFee
Superintendent

January 14th 6

Sir

The Scheadule of supplies that must be needed during the current fiscal year, that was furnished for the information of parties Submitting proposals, Specifoid Crucibles, Covers and ~~Stools~~, but did not mention Stools, rings, and dipping cups.

The Melter and Refiner has made a requestion upon me for a supply of the three latter articles, of which no award or contract was made; and Mr. John A. Taylor proposes to furnish them at the respective prices heretofore charged, and that he charges other Mints &c.

Stools .70 cents each

Rings (for No. 70 pots) 82 " "

Dipping Cups (of all sizes) 50 cents each.

As it is desirable that those articles should be of the same quality as the crucibles, covers and stirrers, and of the same manufacture, to insure reliability under pressure of work, I have accepted his offer (herewith enclosed) and respectfully submit this award, for the remainder of the present fiscal year, for your approval.

Very Respectfully

14. January 6

Dear Sir;

I have yours of the 13th inst. in regard to your Sister Mrs. C. Van Cleve's bond matter.

You need not be in a hurry in regard doing it, as there will be no displacements in any case, because of inability to furnish the necessary bond. The truth is I look upon the bond System as calculated to improve the morale of the institution which is as important as the obligation itself - if not more so.

I will await your convenience with pleasure.

Very respectfully

Superintendent

16. Jany 6

Sir,

Your telegram asking certain fractional silver to be forwarded to Brown Bro. & Co. was received yesterday after the Express Company's Messenger had left the building - and too late for shipment.

By this morning's mail I received your letter making the telegram official. On a comparison between the two it was discovered that there was an imperfection in the Cypher. This, appeared to call for One hundred Dollars in fractional Silver Coin: The letter received this morning fixes it as $6500 fractional Silver. We interpreted the cypher to mean that the "2665" was

continuous word, and would be the number of the order, instead of that, we see now it was "26".

I am very glad the letter was received before I was enabled to ship the coin as under the circumstances an error has been prevented

Very respectfully
[illegible]
Superintendent

Hon. C. N. Jordan
Treasurer United States
(now at) New York

2

h. Copy of letter from Cashier concerning resumption of minor coinage, accompanying letter of Sep: 24: 1885

i. Copy of letter from Coiner concerning "face cutting machine" accompanying letter of Oct. 31. 1885

j. Copy of letter from Curator of Cabinet concerning American Half Eagle of 1815 accompanying my letter of Nov. 11 1885

I have to request that you will return the Register and other papers at your earliest convenience

Very respectfully

Supervintendent

Hon: James P. Kimball
Director the Mint
Washington D.C.

Note. Our Register, I need not say, is needed for constant reference; you will please therefore return it as soon as possible.

18. Jany 6

My dear Sir

I have the hono to receive yours of the 9th inst. touching the appointment of Miss Mary Reagan to a position in this institution.

Of course connected with the Mint Bureau as you are, you will be able to see by reference to the record that the ladies department here is full.

The sentiment of the administration seems to be that ladies are not in a political sense "offensive partisans" - besides, among those who are here, there are many - very many - who come of Democratic families and

have been here without change even when one administration has succeeded another, and paying some respect to that precedent, I have not so far seen my way open to displace any one.

I therefore am obliged to look for vacancies only from natural causes, and whilst there is some copying at times for which I draw upon the clerks there is hardly enough to justify an appointment for regular work in that line

I would be glad to oblige you and will hold the matter in mind

I am very truly yours

D. Webster

Mr. J. P. Goods
Collects Bureau
Washington D.C.

Sir;

I have to acknowledge the receipt of your letter of the 20th inst. asking for the correct given name of "Devine" appointed Watchman on the 2nd. inst

In my letter of the 30th July, I apologised for a clerical error, and explained that in names there were sometimes unavoidable and were only discovered on the presentation of the oaths by the Appointees This is attributable to the fact that previous information is imperfect – as was the case in the present instance.

The correct given name of Cth. Devine, is "Thomas M," as it appears in his

oath, signed by him.

In the future, any discrepancies between the names, as appointed, and the signatures on the oaths, will be noted.

Regretting the trouble this error has occasioned

I am very respectfully yours

Superintendent

Hon: James R. Kimball
Director of the Mint
Washington
D. C.

Instead of reporting for duty at the proper hour, 8 o'clock in the Morning, I find that during the last four days, only 68, 64, 63, and to day 54 Employes arrived on time, the others being from 5 to 35 Minutes late. This is inadmissible; and you will please give notice that a continuance of this tardiness will incur the marked displeasure of the Superintendent.

Further, there must be no lounging in the corridors; and as callers in working hours are equally objectionable, Employes will not leave their

work to receive visitors without first obtaining permission from the Superintendent.

Respectfully

Superintendent

Prof. Jas. C. Booth
Melter & Refiner

January 21st 6.

Sir,

Instead of reporting for duty at the proper hours, 8 O'Clock in the Morning, I find that during the last four days, only 68, 64, 63, and to-day 54 Employes arrived on time, the others being from 5 to 35 Minutes late. This is inadmissable; and you will please give notice that a continuance of this tardiness will incur the marked displeasure of the Superintendent.

Further, there must be no lounging in the corridors; and as callers in working hours are equally objectionable, Employes will not leave their

work to receive visitors without first obtaining permission from the Superintendent.

Respectfully

Superintendent

Charles E. Barber, Esq
Engraver.

January 22nd 6

Sir,

The original Statements of Deposits and Purchases for October, November and December 1865, called for in your letter of the 21st inst. are herewith returned, in accordance with your request. The amended Statements sent you are the correct ones.

Very Respectfully

Superintendent

Wm. James P. Kimball
Director of the Mint,
Washington
D.C.

January 22nd 6

Sir,

Instead of reporting for duty at the proper hour, 8 O'clock in the Morning, I find that during the last four days, only 68, 64, 63, and to-day 54 employes arrived on time, the others being from 5 to 35 minutes late. This is inadmissable; and you will please give notice that a continuance of this tardiness will incur the marked displeasure of the Superintendent.

Further, there must be no lounging in the corridors; and as callers in working hours are equally objectionable, Employes will not have their

work to receive visitors without first obtaining permission from the Superintendent.

Respectfully

Superintendent.

Jacob R. Eckfeldt, Esq.
Assayer.
